

NEWS OF STRATHCONA

WHO WILL PAY FOR
MAIN ST. BOULEVARD

Question is brought up in the Strathcona Council by Alderman Rankin—Will investigate the matter.

That the boulevard had been constructed last year during the winter of 1909-10, from First avenue north to Saskatchewan avenue without any authority from the council or any action from the council, was the question put by Alderman Rankin at the council meeting last night.

Alderman Rankin stated that he had been informed by all available sources that the boulevard was not constructed by the city, but by private individuals, and he had no authority in the records of the city to find out who had done it and to compel it by securing the necessary satisfaction from the city.

Secretary-Treasurer Cox reported that petitions were received during last year from property holders on that street and a sketch of work to be done ordered from the engineer's department, but no instructions were issued by the council about a boulevard.

It came later, he was asked to know, and as a preliminary to the necessary action, on the suggestion of Engineer McLean, the secretary was requested to write to the chairman of the board of public works for 1910, and ask for a full examination of the whole matter.

The meeting of the council opened shortly after eight last evening. The minutes were read and the day's transactions being present, the next order of business taken up and communications read.

A letter was read from the Twin Cities Realty company offering to lease for \$1,000 a building of 60 feet fronting on 8th avenue south, the ground was to be used for a public work.

The matter was referred to the public works and assessment committee. The committee was asked to report on the amount of \$1,000 and to recommend to be paid.

A recommendation was read from the public works committee that a sidewalk be built on one side only of the 8th avenue. This was received and adopted.

Streets to be Paved.

The public works committee recommended that the following streets be paved for paving in the near future: White avenue from Fourth to Fifth street east; White avenue from Second to Fifth street west; Main from First to Third avenue south.

The public works committee reported that the requests of the young men's club for space on the old cableway grounds for a bowling green and club house should be granted and a lease or right should be drawn up to secure the club their rights for some years to come, with the stipulation that rights be secured under the direction of the public committee.

Alderman Tipton in moving the report, drew attention to the difficulty that would be experienced in carrying the rights and privileges of the park to different sections and urged that some responsible committee ought to have power to deal with all claims that arose.

Hospital Committee Reports. The hospital committee reported that an agreement was being drafted by the committee to bring toward the final establishment of an hospital by the city and university.

When the health officer reported that no further cases of smallpox had been discovered since last Thursday and the Dugan street school had been opened yesterday.

The board of health criticized the proposed disposal of garbage and night soil as far from satisfactory and strongly recommended that the city further urged that the city engineer be requested to write to the chairman of the board of public works for 1910, and ask for a full examination of the whole matter.

Mayor Davies and Alderman Rankin reported a motion which was carried approving Alderman Tipton, Calder, and Vogel to make a full investigation into the question of cost and installation of an incinerator.

In discussing the second proposal of the board, Alderman Rankin thought power should be given to the mayor to make the necessary regulations requiring the installation of the sewer works.

It was then adopted that Mayor Davies should make the necessary arrangements for the city's welfare under the various conditions of the sewer works.

In connection with a property deal on 10th avenue, a motion was carried that a point was raised by Alderman Tipton.

The case Dominion Fire vs. Wadell, will be heard at the end of the sitting.

The following cases have been docketed till the May sittings: Molan vs. Priddy; McLaren vs. Denik; Macdonald vs. Lantry; Schaeferberger vs. Sigler.

The case Butterfield vs. McKenzie is to be spoken to on Friday morning, and the case McKenzie vs. Aitken is to be spoken to in chambers.

The office in the Sandison Block, formerly occupied by Brewster & Knight, the surveyors, are being re-located for District Court purposes.

The office vacated last Saturday by J. E. Wallbridge are being occupied by the sheriff or the Edmonton district, who now occupies office on First street.

Both Brewster & Knight and J. E. Wallbridge have secured offices on the first floor of the new Dominion Bank building at the corner of Jasper avenue and McDougall avenue.

BRITISH PACKING CO. TO ESTABLISH PLANT. The British Packing Co., Ltd., of Toronto, April 4.—F. H. Keefe, K.C., who is returning to Port Arthur after having attended trial to England, states that as soon as the company has decided to establish a plant in Port Arthur, it is over a party of British capitalists will visit Port Arthur with a view to founding a big meat packing establishment on an estimated cost of 1-2 million pounds sterling. They expect to secure the bulk of the contracts for supplying the British army and navy which hitherto have gone to Chicago concerns.

son as to whether property could be subdivided and frontage changed from north to west to suit individual purposes without the consent of the city.

No action was taken.

Alderman Tipton's Motion.

A motion was introduced by Alderman Tipton that whereas there was the present of the committee appointed to look into the feasibility of subdividing the property on the north side of the city, the committee should not act on account of absence of the committee during the present year, four names should be added to the committee, among them two from the city council, after nominations and elections, Alderman Tipton and Rankin were elected to represent the council.

It was agreed that the committee should meet within one week and report the next regular meeting of the council.

Mayor Davies told the council that the audit would be completed by the end of the week and efforts looking to amalgamation would be immediately put forth by himself and Mayor Armstrong of Edmonton.

Tenders Received. Tenders for scavenging and digging sanitary pits were referred automatically to their respective committees.

The council adjourned to meet again this evening at 7:30 for the third reading of the new sewer and by-laws.

AROUND THE CITY

SUPREME COURT CASES.

This afternoon, the case of Wilkins & Jones vs. William Elliot and Herbert Kelly will come up for hearing. The plaintiff is in the favor of the defendant, carrying on business under the firm name of "William Elliot, Heretofore, Kelly, at Hamilton, B.C." The claim of the plaintiffs is for \$127.17, the value of goods sold and delivered, and \$74.35, the amount due on a promissory note made by the defendant.

At the hearing of the case at the present sittings of the court have been arranged as follows:

April 5—Wilkins & Jones vs. Kelly & Elliot; Evans vs. Evans Construction Co.

April 6—Kramer vs. Heshberger.

April 7—McDonald vs. International Harvester Co.

TO CALL FOR PLANS
FOR NEW CITY HALL

Civic Officials Suggest That Competitive Plans Be Asked For in Price Contest. Proposal to demonstrate in Edmonton Value of Northern Asphalt as Paving Material.

The erection of a new city hall on the River street block at present under a market will be one of the questions to which the city council and civic administration will turn their attention this year. The necessity for the immediate construction of a city hall is urged by the council and the various departments. The idea in the minds of the officials who have given the question any consideration is that when the new building is decided upon it should be a structure sufficiently large to meet the increasing requirements of the city during a few more years.

The first step to be taken by the city council will be the calling for competitive plans for the building. This competition will be open to the world, and it is suggested that prices for the building be \$100,000 to be awarded for the best plan.

The amount of money to be expended in the new structure which the present proposals contemplate is between three-quarters and a million dollars.

J. K. Cornwall, M.P., interviewed Mayor Armstrong about the plan, and the privilege of demonstrating on an Edmonton street the efficiency of asphalt, which will be found along the banks of the Athabasca river below the city.

Mayor Cornwall was an attentive listener to the plan, and he said he was so much interested in the plan that he would like to see a practical demonstration of the claims made for the asphalt.

He said he would like to see a practical demonstration of the claims made for the asphalt.

TENDERS

Tenders are invited for the erection of a three-story store and office block on Jasper Ave. N. for ERNEST BROWN, LTD.

Plans and specifications can be seen at the Building Department, McLaughlin Ave., or at the Office of the undersigned.

Tenders to be delivered to the Architect on or before 5 p.m. Monday, April 10.

The lowest or any tender will not be accepted.

JAMES HENDERSON, F.R.C.A., Architect, 4 Jasper Ave. W.

SKIN SUFFERED TRIED EVERYTHING—THEN D.D. CURED

This was the experience of Mrs. C. Newman, of Oronville, Ont. who wrote in Jan., 1910:

"I was terribly troubled with eczema on my face, neck and hands for years, I tried everything I heard of or then saw your advertisement in the paper, sent for a trial bottle of D.D.D., used it on my face and neck, and in two weeks my skin was cured and it certainly was a blessing to me."

No matter how terribly you suffer from eczema, skin, rheum, ringworm or any other skin disease, you will feel instantly soothed and the itch relieved at once by the use of drops of this compound of Oil of Wintergreen, Thymol, Glycerine, etc., is applied.

The cure all seems to be permanent. The cure all seems to be permanent. The cure all seems to be permanent.

For sale by all druggists.

DISTRICT NEWS

ATHABASCA LANDING.

Bulletin News Service.

J. E. Gagnon left yesterday on a business trip to Edmonton.

M. J. Myers arrived in town last night from Grand Prairie, he travelled on the Athabasca River as far as trail 1111, but owing to the condition of the ice, he came overland from there. He reports the river as now being open for travel.

News. Here and Groulx are having a large glass front installed in the portion of their block that they are using for their business. This makes a large improvement to their premises.

The settlers in townships 45 and 46, ranges 21 and 22, have formed a local improvement district. Mr. J. Minns was elected chairman at a meeting held in the village on Monday, for township 46, range 22.

Two cases were heard on Thursday at the Police Building. Frank Cassidy was sentenced for two years for his wife's complaint. Another man was fined \$4 for being drunk and disorderly.

A large quantity of gas pipe and casing has arrived in the village the past few days from the south, consigned to one of the oil companies operating near Fort McMurray.

Several hundred of homestead entries were made at the local sub-agency of the land office on Monday morning. The land office is now open for the time of opening until after the next hour.

Another very interesting debate will be held in the Methodist hall on Friday last, the subject being: "Received that Canada is justified in constituting the 'open navy'."

The affirmative, taken by Rev. Mr. Hawley and A. L. Sisk, won a decisive victory over the negative. Messrs. Parry and Greer.

Mr. Parry was called upon after arriving at the hall to take the place of one of the speakers. He was unavailable, and was therefore not able to put up an argument as he had intended to have done. The next debate will be held on the 7th prox.

The local sub-agency of the land office continues to do a land office business. The land office is now open for the time of opening for the greater part of the day by homesteaders.

The contract for the construction of Verner Maurice's stonemason has been given to Captain E. H. Vandusen.

REVIEW.

Bulletin News Service.

The new fire chemical engine have arrived and as soon as the business men are coming to act as demonstrators.

Mr. J. B. Wilson of Viking, who has been filling the vacancy of the land office in the first section west of Edmonton, leaves tomorrow evening for his home south of Viking.

Mr. Johnson and family of Lake View, have arrived to take possession of their new home on the section south of Ryley.

The erection of ten shacks in the vicinity of Ryley will be commenced on Monday, April 3rd, and as soon as possible parties will be secured to occupy them in order that the Alberta hotel may hold its license.

A number of new brick buildings are to be erected in Ryley. This spring work has already begun towards clearing away the debris of the fire which occurred last winter, and as early as possible the ground on the west side of Main street, which is about three feet lower than the rest, will be graded and levelled off to correspond with the opposite side.

HOLDEN.

Bulletin News Service.

Miss Ross arrived today and proceeded to Long House School District, where she will teach.

Oscar Kurland shipped two carloads of haled hay to Edmonton today.

A gasoline well-drilling outfit arrived today consigned to M. R. Kelly. This outfit was sent to the town through the local agents, The Allan Thompson Co., Ltd.

L. A. Alce returned from Minneapolis today.

Dr. C. C. Hay, of Nebraska, is contracting to have 100 acres broken on the half section adjoining the town site. Dr. Hay is expected to arrive as soon as he can resume his professional interests in the state.

RED DEER.

Bulletin News Service.

One of the heaviest snow falls of the season occurred here this week, over five inches of snow having fallen in twenty-four hours. It has changed the aspect of the country. A week ago spring weather was being experienced. The snow will be a help to the fall wheat.

Plans have been started in all parts of the district, and for the amount of money to be spent, has been laid out by the several local improvement districts. The farmers are looking for a good year.

Mr. J. B. Brown, general merchant here, has sold out his entire business to Mr. McLean, late of Vancouver, who took possession on April 1st. Mr.

Bromston is well known here, having been in business for nearly eighteen years and is one of the largest land owners in the town. Though he is interested in the district, it is understood he will enter the real estate business here this summer.

Mrs. W. R. Grant returned this week from a few months visit in the east. Mr. J. M. Galt has gone to Winnipeg for a few months visit to her mother.

Mr. and Mrs. W. A. Moore have left on a few weeks trip to the coast. Mr. O. Shider, a former well known resident of Red Deer, is in town this week renewing old acquaintances. He has recovered from a long illness, the accident on the G. T. P. bridge at Canmore last summer.

Among the Red Deer people who have the week of their homecoming are, Dan Horne, Mr. and Mrs. Frankman, Frank Walker and O. Snider, who all have places thirty miles east of Canmore.

Mr. Geo. Lindsay who has been C. P. R. agent here for some years has resigned his position, and is joining P. R. Hartman in the real estate business.

Mr. Kinglet, of Calgary, has arrived to take charge of the Dominion Express office, which in future will be run by the company and not by the C. P. R. as heretofore.

The representative of Mr. Pat Burns, of Red Deer, has been here on a visit of opening up in the near future an up-to-date mail business.

Several months of work report that C. P. R. surveys on the extension of the Lethbridge branch from Arma to Red Deer are working daily on the line.

The town is becoming busier every day. Newsletters are arriving daily, and the contractors are busy with the preparations for the starting of grading work on the west side of the town. The Northern Construction company is about to handle the large amount of work they are doing here.

Mr. A. B. Cunningham, of Kingston, Ontario, who is in charge of the ball lands and homestead company, arrived in town with his family.

Mayor Layton, of Canmore, was in Red Deer this week making arrangements to establish a real estate office here. He has rented an office and will place Mr. Wm. Robertson, late of Canmore, in charge. Mr. Layton will make weekly visits to Red Deer.

The regular monthly meeting of the Board of Trade was held on Tuesday evening last, at which there was a large attendance. Mr. Wm. Robertson was elected president for the year. It was decided to hold a town for \$1000 to erect a public building for the office for Secretary Davidson near the station.

BEAVER HILLS.

Bulletin News Service.

Mr. Thomas is building a house and garage on the North-west quarter of section 10, township 45, range 22. Mr. Calvert of Chipman is buying a house on section 10, township 45, range 22. Mr. Calvert is buying a house on section 10, township 45, range 22.

STONY PLAIN.

Bulletin News Service.

Louise Weiser and family, John A. Willie and family, and Edward Willie, the latter on Tuesday for Loveland, Colorado.

Mrs. Andrew Campbell has been visiting at C. W. Fuller's the past week, and A. E. Campbell arrived here this morning by G.T.P.

At the auction sale held here in town on Saturday, quite a number of mules, the property of Foley, Welch and Stewart, were disposed of. Dan Ryley was the auctioneer.

Rev. Moga held service in the Methodist Church here on Sunday, Stony Plain, April 2nd.

FIRE IN LEDUC.

Bulletin News Service.

About 7 p.m. Monday the fire guns sounded the alarm of fire. The whole town was immediately alerted. It was soon ascertained that the scene was the schoolhouse. The fire brigade got there in record time and lost not a minute in having the house played upon by the burning building.

Among the large crowd which collected, there were also and willing hands to give assistance to the fire brigade members, who worked hard to have a brave endeavor to accomplish their task. The fire is supposed to have originated from the furnace, and had made considerable headway before the alarm was given. It was evident from the nature of the configuration that all hopes of extinguishing it would be fruitless.

However, the brigade set to work heartily and succeeded to keep the flames in check for some time. Despite their efforts the flames spread over the entire building in about an hour, and in less than three hours after the alarm sounded, the splendid schoolhouse was a mass of ruins.

The school consisted of three departments, senior, intermediate and junior, and recently worked by Principal West. Miss Woods and Miss Gwynne were the teachers. The building was in every way a credit to the town and the loss to pupils and parents resulting from this serious accident is much to be deplored.

As the school was insured, the monetary loss will not be so much, but the

LAND VALUES

A Comparison Is Made Between Those of Canada and the United States.

Toronto, April 4.—A Washington dispatch, apprais of the expediency of the tariff board, which President Taft transmitted to the Senate in response to the Committee on Finance report, contains a comparison of relative land values and farm wages in Canada and the United States.

The actual situation is that the occupied farm lands in Canada, except in the northwest, range in value as high as 50% higher than those along the border in the United States.

In the New England border states, Maine, New Hampshire and Vermont, land values fall below those in all the western provinces with the exception of New Brunswick, where the value is about 10% higher than in New Hampshire and Maine. In Manitoba, land values have increased 124 per cent in ten years.

Traded to Defraud Bank.

Montreal, April 4.—An attempt to defraud the St. Lawrence trust branch of the Merchants Bank yesterday by the murderer, and the guilty party, D. G. Lavallee, dealer in stolen goods, was foiled when arranged today pleaded guilty to obtaining \$20 under false pretenses and was remanded until the 12th.

HON. W. S. FIELDING ANNOUNCES RECORD

(Continued From Page Five)

policy let us abolish our steamship lines, cut off the subsidies to them and come to and trade agents to foreign countries."

Hon. G. E. Foster replied with a two hour speech. He remarked that fifteen months had passed by since Mr. Fielding had given a statement of the financial position of the country. He hoped that the House of Commons would not be a precedent for future deficiencies. Every one would be glad, he said, that Canada had such a large measure of prosperity, but while they on the opposition side also rejoiced they were careful not to become idolaters and worship the gods that are to be the authors of all this.

"Good respectable citizens like ourselves," he described the government "they have no special view to the higher powers and the opposition look at them as poor fallible creatures 'like ourselves' very liable to mistakes, and very liable to yield to temptation."

He said Sir Wilfrid Laurier had promised to run the country with less money than before, he had declined against an expenditure of fifty millions and a taxation of twenty-seven millions, yet there was clapping by the men on the Government side when Mr. Fielding announced that he would take eighty-five millions for the year next year. Since Sir Wilfrid Laurier had come into power there had been an increase of taxation of 150 per cent. The total revenue in 1907 was thirty-six millions, but year it was one hundred and one million and next year it was estimated at one hundred and seven millions. He dissented altogether from the statement that the burden and the rate of taxation had not been raised by the present government. The taxation per capita, he declared, was higher than in 1906.

Foreign Trade Satisfactory. While admitting that the figures as to foreign trade were satisfactory, Mr. Foster suggested that it would be highly desirable for the minister to secure information dealing with all important inter-provincial trade. He said that whatever tended to discourage this trade was not for the upbuilding of the country.

During the last year the balance of trade against the Dominion had been seventy million dollars while last year it was much better had the balance been in favor of Canada, and the only way to bring about better conditions was to import less and make more within the country which could be shipped out. In this connection Mr. Foster pointed out that exports of such products as wheat, meat, and hams was steadily falling off. In his opinion the production of these products ought to be increased and a home consumption in exports but in spite of the decline there was some talk of the necessity for seeking new markets for these commodities.

Mr. Fielding had sung a song to the effect of "Let well enough alone," said Mr. Foster. The minister's idea was that to let well enough alone could mean to wear out our railways and discontinue our steamship service, but that would be to let well enough to pieces. No reason had been shown why the country should be jeopardized by a rash jump into a new venture. That there was no doubt, he said, that there was no doubt.

Resume of Canadian History. In a short resume of Canadian history, Mr. Foster pointed out that there was no stability in Canadian affairs until the country had definitely decided upon a policy of protection. It had also decided on the necessity for an east to west transportation system and a policy of national unity. Now it was proposed to unsettle all those things. One free trade upon the country as fast as possible.

"The owner we get to the country and settle all these things, the sooner we will get to settled conditions in this country," he affirmed. Mr. Foster repeated that trade conditions had been questioned by the recent proposals and that an appeal of dissent had been thrown into the British empire. Mr. Fielding had declared that the British preference had not been impaired, but it had been and the British people knew it. Despite all the splendid promises for future, the government had insisted on reducing a proposition which would disturb whole national situation.

Makes Suggestions. Before closing, Mr. Foster had some suggestions to make to the Government. He recommended a commission board to investigate and report impartially upon all items of public expenditure. Under existing system he said neither the cabinet nor parliament had an adequate control over the expenditure of the departments.

Mr. Foster also strongly urged the necessity of the appointment of a tariff commission to adjudicate on all tariff matters. He said that when the "Canadian ministers" were in Washington the American ministers were supplied with elaborate statistics, while the Canadian ministers had practically nothing. A properly qualified commission could sift all the requests for tariff reductions to the bottom and ascertain in many cases whether the tariff lay with the manufacturer, the transportation company or at the door of some one else. In the past ministerial tariff committees had toured the country getting information of which they had only a hazy recollection when they undertook to revise the schedule.

The result was that the tariffs were made by rule of thumb and it would continue to be so until a scientific commission was appointed. Mr. Foster concluded with a brief

THE FAVORED NATION CLAUSE DOES NOT APPLY

This is the attitude of President Roosevelt on the reciprocity agreement between Canada and the United States—Other Nations Cannot Profit

Washington, D.C., April 4.—The favored nation clause of the treaty between the United States and other nations does not apply to the reciprocity agreement between this country and Canada. This is the attitude of the president and it was explained today that it is merely carrying out a consistent policy of the United States in interpreting the favored nation clause of its treaties. The pact between America and Canada is a contract by which each country makes tariff concessions to the other.

Other nations it is pointed out cannot obtain the advantages except by similar agreement. This principle is stated in official quarters was laid down by the United States years ago when Germany claimed favored nation treatment on sugar in connection with the reciprocity treaty with Hawaii before that territory was annexed to the United States.

Fire in Langenburg, Sask. Langenburg, Sask., April 4.—Fire which broke out early this morning in the hardware store of Denmark and Burton caused a total loss of \$25,000. The new bank of Toronto building and the Imperial hotel were both badly scorched.

Motion Iron Exploded. St. Catharines, Ont., April 4.—A pot of motion iron exploded at the Healey-Townley Works at 12 noon this afternoon, and five men were seriously burned. Three of them, Messrs. Page, Lester and Daulton, are not expected to recover.
